

BGS VDE Insulating Tape Assortment | 3 pcs.

- universally applicable PVC insulating tape
- high flexibility and very good adhesive strength
- can be used for wire and cable joints, repairs and connections
- for safe insulation and marking in electrical installations
- for indoor and outdoor use
- offers good resistance to abrasion, acids, alkalis and various weather conditions
- flame retardant and tear resistant
- designed for ambient temperatures up to 60 °C
- DIN: EN 60454-3-1 (VDE 0340 part 3-1):2002-03, EN 60454-3-1:1998+A1:2001
- material thickness: 0.18 mm
- carrier material: PVC film
- adhesive type: rubber
- working temperature: -18 - 90 °C
- tensile force: 35.4 N/cm

Weight: 0,167 kg.
