

BGS Air Pressure Pump for Oil Barrels

- for easy extraction of oil from barrels
- suitable for barrels up to 200 l
- simple and easy to operate
- for all non-corrosive liquids
- recommended air hose Ø 9.5 mm
- operating pressure: 2 - 7 bar
- extraction hose: Ø 12.7 mm
- flow rate 2 - 11 l/min
- oil viscosity: 0 - 120
- not suitable for fuel and other easy flammable fluids

Weight: 4,482 kg.
